At a Glance: 2017-2018 AY- Give yourself a Hand!
The success of compliant and productive academic recruiting is a campus-wide team effort and it takes all of us to achieve our academic recruitment goals. In AY 2017-2018, our campus accomplished the following:

- 352 recruitments submitted in Recruit
- 52 waivers submitted
- 14,108 applications processed in Recruit
- 426 candidates proposed
- 84 hired (so far)
- 51 searches concluded so far
- 5 days Average Turnaround from Submission to Final Approval
- 40,495 references collected in Recruit

We look forward to surpassing these results in 2018-2019. Thank you for the great work and contributing to the academic mission of UC San Diego!

Social Media
OARS is building its social media presence in an effort to garner more visibility for academic jobs at UC San Diego. As with the other OARS managed outlets (HERC, AJE, HigherEd Jobs) social media outreach will be posted and uploaded by the OARS office. Please add “LinkedIn, Twitter, and Facebook,” to all Planned Outreach efforts when submitting Search Plans. Feel free to give us a like or a follow at our accounts linked at the bottom of this email!

Without Salary (WOS) Titles
Non-salaried positions are exempt from open recruitment and do not require search waivers; however, all other policies associated with the title remain applicable. An exemption from an open recruitment is continuous in duration until a change in pay status occurs. If an appointee is to receive salary from UC subsequent to the initial non-salaried or without salary appointment, an open search is required.

Applicant Management Pro Tip
Use the Recruit notification function when scheduling interviews. If a candidate withdraws, this record, along with a disposition comment, would provide the necessary documentation for properly listing an applicant as “Withdrawn.” OARS will be asking departments to provide more specific information about withdrawals moving forward.
The Year So Far:
Academic Recruitment cycle has been increasing every year with the addition of interdisciplinary appointments and more and more activities in the departments. Since 7/1/2018 we have seen:

- 135 new recruitments
- 175 reports submitted for approval
- 5,251 applicants
- 242 recruitments accepting applications

As these recruitments progress, please use the resources on the OARS site and the Recruit Help Tab for information on search committee and applicant management resources.
