

UCSD Academic Year Pay and Service Periods for Monthly Paid Academics

GENERAL RULES

UCSD's academic year runs mid-September thru mid-June.

Refer to the UCSD Academic and Administrative Calendar for the actual quarter service dates (use quarter begin and end dates):

<https://blink.ucsd.edu/instructors/resources/academic/calendars/index.html>

An AY appointment for one or two quarters only is made on the 09/09 basis. An AY appointment made for all three quarters is made on the 09/12 basis.

Concurrent AY jobs do not have to be on the same pay period schedule (09/09 or 09/12).

If someone has both an AY and FY appointment, the FY appointment is reduced according to the **service dates** of the AY appointment. The AY portion of the appointment is paid according to the pay periods noted above.

Fiscal Year employees' pay and service periods match and are the same each year.
