

Traveling for Work? We've Got Family Care Covered.

Whenever — and wherever — you need care for your loved ones, call on **Bright Horizons®**.

Business travel can be stressful — but it doesn't have to be. Instead of worrying about finding care for Dad or the kids the next time you have to go out of town, rely on your *Bright Horizons Back-Up Care™* benefit.

Reserve back-up care when:

- You're traveling for business and can't care for your child after school
- Your child travels with you on your work trip, but you have to attend meetings
- You have to go out of town and need someone to check on your Mom
- Your stay-at-home spouse has an appointment while you're away

And don't forget — you also have access to a free database that makes it easy to find sitters, nannies, elder care resources, and pet care.
