### Schools and Childcare Information

[Bright Horizons Care Advantage](#) is a web-based resource to help you find and select pre-screened care for children, adults — even pets. You select the caregiver that's right for you. Whether you need everyday care or back-up care, Bright Horizons Care Advantage provides a comprehensive childcare.

[Sittercity](#) is America's largest website for connecting families with quality local in-home caregivers with nearly 2 million caregivers nationwide. Your Sittercity benefit gives you online access to local caregivers with profiles that include background checks, references, parent reviews, pictures, and more.

[Schooldigger](#) empowers parents to make informed choices about choosing a school for their child. This website database contains detailed profiles for over 136,000 schools in every state in the US, including 20 years of enrollment data, several years of test scores, crime data, real estate data, and everything useful in helping parents make better school choices.

[Greatschools](#) is the leading national nonprofit empowering parents to unlock educational opportunities for their children. They provide school information and parenting resources to help millions of American families choose the right school, support learning at home, and guide their children to great futures.

### San Diego Area Eldercare Resources

With millions of adults caring for elderly parents or other dependent adults, eldercare is a significant issue for many in the workplace, and SoCal HERC offers resources and support alongside our member institutions in the San Diego Area.

- [MARC](#) (The Memory, Aging, and Resilience Clinic) at UC San Diego Health System provides comprehensive cognitive, emotional and physical health evaluation of older adults. This unique program draws on the expertise of UC San Diego physicians in numerous specialties to carefully assess the overall health of older adults – with particular focus on memory and thinking. After thorough examination, the Memory, Aging and Resilience team prepares an individual care plan to address the needs of each patient.
