

UC San Diego Faculty Department Transfer Practice

Rev. March 15, 2023

Background:

Departments appoint faculty members to further their respective department missions and the pursuit of knowledge in their particular areas of research and/or creative activity. Occasionally, an individual faculty member's scholarly interests may evolve to become more closely aligned to research and/or creative activity being conducted in another department or area of study. It is on this *rare* occasion that a department's citizenry may wish to invite a faculty colleague of another department to consider transferring their appointment, teaching, service, and research or creative interests to their department. Such a transfer is advisable when it is determined to be in the best interest of all parties concerned, including the faculty member, departments, and division(s), and upon approval from the Executive Vice Chancellor for Academic Affairs.

Additionally, such a transfer will take place only after thorough and considered discussions following the process outlined below. Approval is not automatic and the faculty member is encouraged to ensure that all commitments to their current department are fulfilled and that a reasonable period of notice is provided. Faculty considering such a transfer are required to begin discussions with the appropriate department chairs and dean(s) as early as possible. The dean(s), in turn, will inform the EVC as soon as they are aware of such a proposal. Every effort should be made to provide enough notice so that the faculty member's appointment begins as closely as possible to July 1 and also so that the current department can plan for the upcoming year in regards to service and teaching assignments.

Disposition of FTE:

In general, when a faculty member requests a transfer to a new department, the FTE provision also transfers to receiving department/division. However, an alternative disposition of the FTE may be negotiated by the appropriate dean(s) and EVC. If there is a short-term need for temp FTE funding to cover teaching, the current department may discuss this need with their dean.

Eligibility to transfer:

This process applies to ladder-rank faculty and equivalent ranks. Non-tenured faculty are expected to obtain tenure in the department they are hired into before any transfer request will be considered. Transfers for tenured faculty generally are not be considered for five (5) years after appointment to a department.

Recruitment Waiver:

A recruitment waiver is not necessary for a department transfer.

Faculty vote:

A vote should be solicited from the receiving department in accordance with Bylaw 55 and the following guidelines. Except in unusual circumstances, whenever University or departmental policy requires a vote on a proposed action, the action must be supported by at least 50% of the members eligible to vote and in residence on campus in the quarter when the vote is taken.

Unusual circumstances may make it impossible to comply with this rule. In such cases, it is incumbent upon the receiving department chair to explain the circumstances in the departmental transfer proposal letter.

Consultation and Approval:

In 2004, the Academic Senate Committee on Academic Personnel (CAP) agreed that it would not evaluate such department transfers as long as there was no change in the faculty member's title, rank, step, or salary. In cases where the receiving department vote results in a mixed vote, or in any other case where the EVC deems appropriate, the EVC retains the discretion to request an advisory opinion from CAP. CAP's role will be to take into account the research, teaching, and service arguments presented and whether, in their opinion, the transfer will be in the best interest of the University's research, teaching, and service missions.

A completed faculty transfer proposal packet will include:

- Faculty member's original request. The candidate may include any supporting documentation, such as an updated biobib.
- Current department chair endorsement.
- Current divisional dean endorsement.
- Proposed department chair endorsement letter (including the faculty discussion and vote).
- Proposed dean endorsement letter.
- EVC appointment letter, if approved.
